

IMPORTANT

Travel Advisors: Register with the UStiA

<https://www.ustiaregistry.org> • ustia@msp-amc.com • (240) 342-3816

Why must I register?

The National Council of Insurance Legislators (NCOIL) have passed travel insurance licensing regulations.

As part of these regulations, travel advisors are required to undergo training and register with each travel insurance carrier whose product they want to offer.

Instead of each travel adviser being required to undergo separate training and registration for each insurance carrier, the UStiA Registry provides Travel Advisors with an opportunity to register with one or more member insurance carriers via one training method.

In order to offer travel insurance from a UStiA member insurance carrier, you must take this training and register to disseminate travel insurance under one or more member licenses.

What are the benefits of registration?

- Access to multiple UStiA member insurance carriers via one centralized industry process
- Simple registration and training process – immediate access to offer and disseminate compliantly in most states
- Helps maintain compliance to offer and disseminate information on travel insurance products

How do I register?

Sign up at <https://www.ustiaregistry.org/> and watch the training video. Select the carriers that you will be offering travel insurance under.

Once that's done, you're registered!
The process should take only a few moments.
